

In the Specification

Page 8, after line 23, insert a new paragraph --FIG. 6 illustrates a perspective view of the air-bag suspension system mounted between the motorcycle main frame and swing arm via a swing arm mount.--.

Page 9, line 26, delete "The swing arm" and insert in its place --With reference to FIG. 6, the swing arm 70--.

Page 9, line 27, after "14" insert --via swing arm mounting sleeve 86--.

Page 9, line 29, delete "cross member plate" and insert in its place --forward frame mount 68--.

Page 9, line 30, after "main frame" insert --98--.

After page 16 and before the Mode of Operation, insert new pages 17-18 describing FIG. 6.

Paragraph numbers have been added throughout the specification.

A substitute specification with abstract and parts list are attached incorporating the above amendments, together with a marked up copy.

In the Parts List

A substitute Parts List is attached incorporating the new parts numbers.

In the Drawings

A new drawing FIG. 6 has been added.
